" We cannot stand by while they privatize our public transportation system and turn the keys over to a private company seeking to profit from our riders' fares and the public's tax dollars."

The vote awards the contract to Brink's cash collection and security company; effectively outsourcing and privatizing the jobs of employees represented by the Boston Carmen's Union. MNA Morton Hospital RNs and Health Care Professionals Authorize Preemptive Strike

The October 6th, overwhelming “yes” vote will allow MNA members to strike after Dec. 31, 2016 should Steward Health Care again decide to not bargain in good faith. The decision to take the vote preemptively comes after countless instances by Steward Health Care, the hospitals’ for-profit corporate owner, breaking promises it has made to patients, nurses and the community; promises to bargain in good faith; and promises it has made under both federal and state regulations.

The Morton Registered Nurses and Health Care Professionals, all of whom are represented by the Massachusetts Nurses Association (MNA), took the vote in hopes of keeping their upcoming contract talks on track, thereby providing them with a level playing field for bargaining contract language that will improve conditions in the hospital for patients, nurses, and HCPs alike.
